Product Description:

Website presentation of sample website

Introduction

This website has been tested for and remediated to the latest WCAG 2.1, ICT Refresh Standards, EN301 549 (EU), and ISO 32000 (2008) & 14289-1 (2014) standards. This was intended to provide an enhanced user experience, and although extensive, this shouldn't be considered as an exhaustive list for improving accessibility and user experience. As the website gets more traffic, it is highly recommended to collect feedback from users to discover additional pain points, usability issues, and future improvements.

Scope

The focus of this(these) document(s) is based on testing compliance with WCAG 2.0/2.1 criteria, Section 508 Refresh, and ADA Compliance Standards and overall accessibility of the website to users with disabilities and their Assistive Technology (AT). Please note if any single page, portion, or point of the testing reports failure the entire site fails compliance testing.
